

Michelle H. Williamson, MD

Health involves many aspects that influences a patient's quality of life: emotional, physical, spiritual, and relational. By listening to what's most important to my patients, and combining that with up-to-date researched information and compassionate care, I can help my patients achieve their healthiest life.

Developing relationships and trust is the most rewarding part of my job. I love helping people and seeing positive results and improvement. I am honest with my patients and strive to find practical solutions for their health.

Education

Medical Degree:

Medical College of Wisconsin - Milwaukee, WI

Residency:

La Crosse-Mayo Family Medicine Residency -
La Crosse, WI

Board Certification:

American Board of Family Medicine

Professional Interests

Pediatrics, preventative health, joint injections, contraception, diabetes, cardiac issues, infertility, and various procedures.

Personal

My interests outside of work include gardening, cooking, running (so I can eat more!), book club, traveling, quilting, playing with my kids, and helping with Sunday school.
