

I'm fortunate enough to work with colleagues who share similar patient care philosophies. I enjoy working in a patient-oriented team environment.

Working in Internal Medicine allows me to help people in all aspects of their healthcare. My role includes being an educator, coordinator and health coach, while addressing acute health issues, managing chronic health problems and promoting prevention.

Education

Nurse Practitioner degree:

University of Wisconsin-Oshkosh, WI

Board Certification:

American Board of Nursing Specialties

Professional Interests

Women's health care, preventive health maintenance, and management of chronic diseases.

Personal

My husband and I are "empty nesters" with more time to pursue our interests. I enjoy reading, sewing, camping, hiking and biking.

Judith M. Anderson, APNP
