

Stephen R. Dernlan, M.D.

Primary Care Associates of Appleton has a great atmosphere with respected physicians and the best caring and competent staff.

I enjoy the challenges of diagnosing and treating the variety of conditions which occur in adults and appreciate

being able to offer each patient the latest diagnostic tools available to treat their needs promptly.

I make a difference in the lives of my patients. Our long-term relationship is satisfying and helps me to care for each patient as an individual and a friend.

Education

Medical degree:

University of Wisconsin - Madison, WI

Residency:

State University of New York - Syracuse, NY

Board Certification:

American Board of Internal Medicine

Professional Interests

Diabetes, thyroid disorders, hypertension, cholesterol control, and routine preventive adult care.

Personal

My time away from work is spent with my wife Vicki and our three children. We enjoy camping, hunting, athletics, and church activities.

Stephen R. Dernlan, M.D.
