

## Aaron S. Douglas, M.D.

Primary Care Associates of Appleton is built on the foundation of quality people providing quality, compassionate care.

I feel fortunate to practice Family Medicine because of the opportunity to develop lasting relationships while providing medical care consistent with current guidelines and recommendations.

Through highs and lows, I enjoy getting to know my patients in the broad social context of their daily lives.

### Education

#### Medical degree:

University of Minnesota Medical School - Minneapolis, MN

#### Residency:

Franciscan Skemp Healthcare - La Crosse, WI

#### Board Certification:

American Board of Family Medicine

### Professional Interests

Preventive care, sports medicine/non-operative orthopedics, diabetes care, pediatrics, and nutrition.

### Personal

Outside of the office, I enjoy time with my wife and young family, along with outdoor activities such as running, cycling, cross-country skiing and camping. We stay active with church activities, and there is never enough time to read the latest good book!

Aaron S. Douglas, M.D.
