

Amy H. Servais, M.D.

The quality physicians at Primary Care Associates are compassionate individuals that I trust to take care of my own family.

I chose to specialize in family practice because I enjoy taking care of the variety of patients - from kids to the elderly. I love watching my young patients grow up and continue to take care of them after they become adults.

There is nothing more meaningful to me than helping my patients solve their health problems and making a difference in their lives.

### Education

#### Medical degree:

University of Wisconsin - Madison, WI

#### Residency:

UW Health Fox Valley Family Practice - Appleton, WI

#### Board Certification:

American Board of Family Medicine

### Professional Interests

Women's health, sports medicine, pediatrics.

### Personal

I enjoy spending time with my husband Chris and our three children, scrapbooking and attending Badger games.
